STAIN GUIDE

IMPORTANT:

Always remove the stain as soon as possible. Do not use more than a few drops of ProFloor Care* to remove the stain. Follow the instructions on the packaging.

STAIN	TREATMENT
Coffee, tea, soft drinks, wine	Moisten a microfibre cloth with cold water and remove the stain. Rinse the cloth a few times if required. Place a clean dry cloth with only a little ProFloor Care* for a few minutes on the area where the stain used to be.
Blood, vomit, urine	The same as for coffee, tea, soft drinks and wine.
Food, fruit	Remove any visible elements. Moisten a microfibre cloth with cold water and remove the stain. Place a clean dry cloth with only a little ProFloor Care* for a few minutes on the area where the stain used to be.
Chewing gum	Use a teaspoon to carefully scratch the chewing gum away. Add a little ProFloor Care* to a dry cloth and rub the stain away. Place a clean dry cloth with only a little ProFloor Care* for a few minutes on the area where the stain used to be.
Shoe polish	Add a little ProFloor Care* to a clean dry microfibre cloth and rub the stain away.
Stickers, paint, glue	(Remove the sticker). Remove the (remaining) stain as soon as possible using a moist microfibre cloth with a little ProFloor Care*. Place a clean dry cloth with only a little ProFloor Care* for a few minutes on the area where the stain used to be.
